

## CHOOSE YOUR NEXT GOAL

What are the projects or goals you're trying to decide between?

Which option (if any) is closest to money?

What are you feeling really enthusiastic about right now?  
(List everything that is delighting you in your business)

What of the above Enthusiasm list is most-related to where you want to take your business?

What is your next goal?  
(Use the book *Map Your Business* to help you find the next goal!)

What's your timeline?

What are you willing to NOT focus on, in order to make this goal happen?

REMEMBER: Any goal is good.

Anything you commit yourself to, make progress on and learn from, it's going to improve your business.
